BOOTCAMP- Boot camp-style drills improve cardiovascular endurance! Included are high intensity muscular strength intervals to reshape and tone your entire body. This class delivers a powerful boost to your regular fitness routine.

FatBurner- This class features an intense, easy to follow, low impact cardio segment followed by a lower body strength training segment that focuses on the core muscles: glutes, abdominals, lower back, and hamstrings. This class is for all fitness levels and maximizes your fat burning potential!

Mind & Body- Yoga, Pilates, and PiYo make up our mind & body group. These classes allow you to slow down from the day and relax while still getting a workout. Classes are designed for all fitness levels by showing modifications for each move.

Kick Fit- Get a kick out of getting fit, and burn up to 800 calories per hour! Kick Fit is an aerobic workout that blends basic boxing and martial arts movements. No prior experience required, just an adventurous spirit.

BodyFit- Body Fit is good for those who have minimal experience with aerobics. Hand weights, body bars, and other peripherals are used for strength training. It is a full body workout that targets all of the major muscles groups. You'll integrate strength and stretching exercises to produce stronger bones and muscles and increase your metabolism to help maintain a healthy body weight.
